HUTCHINSON NURSERIES

Kearney, Nebraska

ESTABLISHED 1911.

GROWERS OF CHOICE FRUITS AND
ORNAMENTALS FOR WESTERN
PLANTERS

MEMBERS

American Association of Nurserymen
BUILDERS of BEAUTY

To Our Customers:—

We thank you for your very liberal patronage in the past and assure you we shall do everything we possibly can to please you in the future. We have beautiful, healthy trees and shrubs that are sure to please. Our grades are the highest and all orders are packed carefully by experienced men. We guarantee every order to reach you in prime planting condition. Satisfaction or your money back is our broad guarantee if you will return any stock that does not suit you at once.

State Entomologists Certificate of Inspection.

Our growing stock is inspected each year and a certificate of inspection goes with each shipment showing that stock is free from disease.

Terms of Payment.

Those ordering direct from catalogue should send full remittance with order. Your personal check is good.

Prepayment.

We prepay all mailable size orders of \$3.00 or over. Less than this amount, we require 25¢ additional to cover postage and packing. All freight or express orders are prepaid if for \$10.00 or over. Where orders are sent C. O. D., we require that customers pay the small sum required for collecting and return of money.

Replacing Stock that Fails to Grow.

Most folks are reasonable about this. We will not let you be dissatisfied with our adjustments. We are always glad to replace anything free that does not make a start if it has had good care. If the season is unfavorable and the stock started to grow but dry hot weather killed it or some other cause that the nurseryman could not help, we think a half-price adjustment is about right.

Shipping Season.

Spring shipments begin to move about March 25th and continue until about May 25th. Fall shipments usually start with the perennials, about the 1st of September and continue until ground freezes, about the 1st of December.

QUANTITY RATES.

6 at dozen rate. 50 at 100 rate. 500 at 1,000 rate.

NOTICE.

The varieties listed in this price list are especially suitable for Nebraska, Northern Kansas, Southern South Dakota and Colorado. We shall be glad to furnish other varieties as listed in our catalogue but we especially recommend the varieties as given in this price list which are the cream of the new varieties and the old standbys.

Apples and Crabs

Our apples are vigorous, healthy trees with splendid root system. Sure to please you.

	Each	Doz.	Per 100
XX Special -----	\$1.00	\$11.00	\$75.00
